

Mom & Me / Dad & Me / Grandparent & Me

completing preschool through 2nd grade

Mom & Me / Preschool

4 and 5 year old children

Remember how excited you were as a child — anxiously waiting for the first day of kindergarten? We hear similar stories from moms and dads who say their four- and five-year-olds can't wait for the first day they are old enough to go to camp!

At the prompting of these young children we've pulled together leadership and resources to create a Mom & Me which is age appropriate for these eager preschoolers! Moms and children will spend time together involved in nature activities, craft projects, games, discussions and more. While there will be some time for moms to gather for informal discussion, much of the time will be spent with their child and other moms and children.

Mom and child will stay in a private room in Oak Mound Lodge, our year 'round retreat center overlooking Green Lake. These accommodations and room arrangements provide privacy and quiet — so a mid-day nap is possible in the midst of the excitement of camp!

These events, which last for three days and two nights, are long enough so first-time campers have enough time to get a real "taste" of camp.

Pack your teddy bear and favorite blanket — and we'll hope to see mom and new camper at camp!

Mom & Me! Dad & Me! Grandparent & Me!

completing K - 2nd grade

This event is designed for young campers and their parent or grandparent to discover camp. The event, which lasts for three days and two nights, provides an exciting introduction to camp for young campers, building confidence and independence.

The schedule allows and encourages meaningful interaction between children campers and their parent (or grandparent) in a setting away from the distractions and demands of home. Time is planned for adult conversation without the kids, intergenerational activities — and plenty of time to relax and renew.

Each morning our trained counselors design activities and discussions specifically for the children while the Program Director facilitates program and discussion for the adults. The afternoon's schedule is flexible to encourage one-on-one interaction between child and adult. The late afternoon and evening schedule gathers all of the adults and children for intergenerational activities.

Parents (or grandparents) and children live together in private rooms in Oak Mound Lodge, our year-round retreat center, allowing comfortable and private interaction time. The main lounge features a wonderful stone fireplace and decks overlooking Green Lake — perfect spaces for gathering, playing and relaxing!
