completing 7th or 8th grade

Junior High Confirmation Camp

There are many models for confirmation — small group study, conversations about ethics, mentors — and more models that take form in the context of the local church. Now we're adding yet another exciting option for learning all about the church — and more about your faith!

The Junior High Confirmation Camp is a week-long camp designed to engage confirmation age youth in the three basic areas of traditional confirmation. A seasoned teaching staff will offer creative ways to engage in 15 hours of intensive but creative study in Bible, church history, and Christian ethics, giving participants a strong foundation on which to build a lifetime of faith and sound living. Additional opportunities which will round out the experience include an all-camp Passion Play, an Exodus Experience, and many more opportunities for fellowship and play.

Of course, there will be plenty of opportunities for campers to be involved in all of the activities that are so much a part of the fabric of camp — swimming, boating, volleyball, sailing, singing around a roaring campfire — and more!

Each day will end with vibrant worship that teaches and inspires all involved. This event is open to any size church confirmation class/group as well as their pastor or other confirmation leader(s). This camp is offered as an alternative or supplement to existing confirmation programs.

Come, engage in your faith with dozens of other youth who are looking for the same thing you are at confirmation — meaningful conversation, information relevant to your life, and a strong foundation on which you can build a lifetime of faithfulness!

Please call the Pilgrim Center office at 920-PILGRIM for more specific information about this camp.

Knock, Knock

...it is a middle school thing!
a weekend for junior highs

Life — especially in middle school — is full of choices. Sometimes it can seem overwhelming...

But, with the help and support of family, friends, and others who care and understand, these choices present many wonderful opportunities! Come be part of the discussion as we explore the choices together!

This weekend provides opportunities for groups to open doors together and...

- ... become part of a weekend "family" of love and total acceptance.
- ... experience music that rocks.
- ... enjoy drama for laughs and learning.
- ... experience the leadership of high school youth and cool adults.
- ... do Bible study with your hands, not just sitting around and talking!

Leadership for the Knock, Knock event will be provided by adults and senior high youth. Fifteen- to eighteen-year-old youth who are interested in filling one of these leadership positions can contact Lisa Hart at lhart@wcucc.org or 608-846-7880.

This event is co-sponsored by UCCI and the Wisconsin Conference UCC.

For more information, see the Outdoor Ministry Web site at www.ucci.org.
