

# Senior High completing 9th through 12th grades

## Senior High Adventure Camp

It takes a lot to impress the savvy Senior High camper — and we succeed with this exciting and eventful week! Throughout the week participants will experience a variety of adventures, discussions, fireside worship experiences, and flexible time where meaningful friendships are built.

Adventures include: sailing on Green Lake (one of the biggest and best sailing lakes in the state), biking over the rolling hills around the lake, and a “throw the dart at the map and let’s go there” day-long adventure! Pull your bike out of the garage, tune it up and bring it — and a taste for adventure — for a week of fun!

While the many adventures provide high energy for each day, most campers would say that the real focus of these events is the friendships built at camp. Each week is a mix of campers who are returning from previous years and campers who are at Pilgrim Center for the first time. Within hours every person is included in the circle of friends sharing in common experiences and meaningful discussions.

We require participants to bring a bike helmet and encourage other safety gear for the bike trip. We take this seriously — we’re planning for an eventful, memorable and safe week!

## Senior High Sailing Camp

Green Lake is one of the best known sailing lakes in Wisconsin — with good reason! Its impressive size and steady winds are a sailor’s dream. Several major sailing regattas are held here annually — and now the wonders of this creation are yours for a week of sailing fun. Imagine zipping across the open water with the sun on your shoulders and the wind in your hair. Come, build new friendships, share common life experiences and enjoy the friendship of others with similar interests. The sailing program of this event accommodates the new sailor as well as those with more experience. Our fleet includes 12 boats from the easiest Sunfish to the larger and faster C-Scow. Come join the fun, the sun — and the wind!
