

Specialty Family Camps

Rainbow Family Camp

For many years Moon Beach has offered Rainbow Family Camps for GLBT (gay, lesbian, bisexual, and transgender) headed families and for our PFLAG (parents, families and friends of lesbians and gays) allies. Whether you have been with us since the beginning or if this will be your first time at the Rainbow Family Camp, we welcome you!

We start with camp activities like boating, swimming, group games and crafts, then add programmed activities for every age. Mix in plenty of free time, inclusive worship, rest, and great family style meals. Enhancing the week is reconnecting with old friends and meeting new ones, a generous portion of laughter, and loads of acceptance All of this — and more — is the foundation of the Rainbow Family Camp.

Planned activities are offered for various age groups from the youngest campers to adults to encourage play, learning, sharing, and discussion. Group discussion and activity times will follow the UCC outdoor curriculum “Be a Hero.” We’ll explore what makes a hero, talk about people we look up to as mentors or heroes, and discuss how our words and actions might better reflect our own values.

Creating an environment where all feel respected and valued is essential to making Rainbow Family Camp a success. Whether in a casual conversation, a group discussion, or at worship each person is treasured for the person they are and the gifts they bring to our common life. A daily vespers time is offered, led by volunteer participants. These worship experiences have brought together a variety of faith perspectives represented at Rainbow Family Camp and are open for all campers to participate.

As is the case in all of the family camps, families take many different forms. Families may include two adult households, single parent homes, singles, and other family groups with children of all ages. All family groups are welcome at camp!

Labor Day Family Bike Camp

The Northwoods, particularly the area near Moon Beach, is blessed with wonderful rolling roads and shaded bike trails which meander through the beauty of God’s creation. There are few more enjoyable ways to get fresh air, exercise, and enjoy the peace and quiet of nature. From the Bear Skin Trail to a quiet forest road, extraordinary bicycling awaits you and your family. This event is designed for one and all — trips will be planned which will accommodate a variety of skills and experiences.

All cyclists must have a helmet and will need to be able to transport their bikes to nearby off-road sites. After a day of biking in the beauty of the Northwoods you can look forward to relaxing around the campfire as it crackles in the cool evening air, family vespers, an evening snack, and plenty of time for building new friendships and planning for the next day’s ride.
