MADD & Create, Innovate and Build Camps

This week we welcomed our MADD, Craft and Me, and Create, Innovate and Build campers. We also welcomed Beau Thomas of Trakside Design as our Artist in Residence who shared his story of taking his passion and making it a career.

On Saturday morning MADD Campers will share their gifts and talents with parents and guests. We invite all CIB and MADD friends and family to arrive early for this 9:30 AM performance in the East Dining Hall of Norenberg Lodge.

Save the Date!

Pick-Up !!

July 30th

Please remember that pick-up is Saturday at 10 AM.

2017 Registration Opens

January 2017

Registration for 2017 will open in January. Calendars for next year will be arriving in December. A save the date schedule will be sent later this

2016 Curriculum Theme

This year, we are exploring many scriptures about wind. Wind is often used to describe mystery and the search for direction in our lives.

Daily Themes

- Sunday - God's Promise Swirls Around Us
- Monday - Stirred by God's Breath
- Tuesday - Wind of the Holy Spirit
- Wednesday - Silence in the Whirlwind
- Thursday - Speaking Through The Clouds
- Friday - Blown into Action
- Saturday - Scattered in the Breeze

Camp Updates

Grandparent & Me - Craft

Grandparent and Me Craft campers learned about graffiti art, spent time learning about lots of different crafts, as well as had plenty of story time and new games.

MADD Camp

The camp band worked throughout the week for the MADD Camp Performance on Saturday morning. MADD Campers also learned about graffiti art, and stage fighting. They danced and acted the curriculum; as well as created recycled material wind chimes. Pictionary was played with shaving cream as well as they used games to practice improvisation skills.

Create, Innovate and Build

These campers created conductive playdoh and kites. They were innovative in solving obstacles on the challenge course and designing Rube Goldberg machines. They built towers and trebuchets as well as went kayaking and on a stream walk. They also did a service project for camp building a dock and clearing invasive species out of the prairie.
