

Sneak peek at some of the 2018 new events!

Biblical Brewing/Unravel & Unwind (PC - 1/19/18-1/20/18)

Warm up in the midst of winter with two of our favorite pastimes: knitting and drinking and brewing beer. If you are a craft beer connoisseur or brew your own beer or just want to learn more about the long and storied relationship between religion and beer, Biblical Brewing is the event for you. If you prefer to curl up by the fire and knit or crochet (or read or take a nap or chat), Unravel & Unwind is the perfect opportunity. Families are welcome; childcare will be provided.

Clergy and Kin Retreat (MB - 4/6/18-4/8/18)

After the overflowing commitments of Lent and Holy Week, clergy and their loved ones are invited to rest and renew during a special Sabbath weekend at Moon Beach. Enjoy Moon Beach hospitality with delicious meals and private accommodations, but the rest of the weekend will be unburdened by schedules and free for family fun!

Worship for Praise, Resistance, and Hope: How Prayer, Song, Sacraments, and the Arts Inspire Us For Challenging Times (MB - 4/4/18-4/6/18)

Come prepared to learn and share creative strategies for countering our present day anxieties through engaging themes of peace and justice in our worship. Designed and led by John Thomas, former UCC General Minister and President and Art Clyde, church musician, composer, and editor of The New Century Hymnal, the three day retreat in this beautiful nature setting will balance times to share joys and concerns, successes and failures; explore some alternative paradigms for worship; do some theological reflection; and equally important—enjoy time to relax, rest, play, eat, and sing.

Into the Mystic: Spiritual Practices for Daily Life (MB - 4/26/18-4/29/18)

In our increasingly secularized and fast-paced world, take a long weekend to slow down and rediscover your spiritual source. Pastors Laura McLeod and Erik Koepnick will teach spiritual practices that can help you be more intentional about practicing prayer, meditation, self-care, and creativity in your everyday life. We will draw on practices that are ancient and modern, Christian and interfaith in origin to help you expand your spiritual toolbox. Lay people and clergy are both welcome!

Eco Camp (PC - 7/8/18-7/11/18)

Join us for a family camp centered around the environment and our relationship with the creator. We will serve the earth by eradicating invasive species, enjoy God's creation by paddling around beautiful Green Lake, and care for other living creatures by building habitats.

Night Owl Camp (PC - 7/1/18-7/7/18)

"It is better to light a candle than curse the darkness." – Eleanor Roosevelt – Discover camp after dark! We'll wake up at noon, and stay up until long after bedtime playing night games, sitting around campfires, enjoying night hikes, and burning through plenty of glow sticks. We'll enjoy plenty of traditional camp activities in the afternoon hours and reinvent them at night, and will cook lots of late night food over a campfire, under the stars.

Guinea Pig Camp (MB - 6/6/18-6/9/18)

Maybe you're new to Moon Beach, you've never experienced one of our summer family camps, or perhaps you just want more time to experience your camp "home away from home"? What we know for sure is that our 2018 Summer Staff will be freshly trained and looking to practice their "Moon Beach Hospitality" on adventurous guests!

Fall Colors and Cranberries Family Camp (MB - 10/5/18-10/7/18)

Everyone knows that autumn in the Northwoods means brilliant fall colors and Eagle River's famous Cranberry Fest! Spend the weekend at Moon Beach to get your fill of the celebrated Northwoods fall beauty and a special cranberry-themed menu.

Senior High Adventure Camps (PC - 6/24/18-6/30/18 & 7/29/18-8/4/18)

In the midst of sailing, high ropes course, and rock climbing, Senior High Adventure Campers will have two opportunities to explore the role that technology plays in our lives. June 24-30 will be our tech conscious camp, where we talk about ways that social media and handheld devices influence our relationships. Campers in the July 29-August 4 camp will take a week long respite from social media. Discussion topics may be similar, but camp will be blissfully phone free.

Men's "Hunting" Weekend (MB - 11/16/18-11/18/18)

Come experience the camaraderie of hanging with the guys, playing cards and relaxing in the woods without firing a single shot or needing to buy a license. While your neighbors freeze outside on opening weekend, you can be warm and worry free at the Moon Beach "Hunting" Weekend, where the only thing we shoot is the breeze! Hang out with friends, play games, work on small projects around camp, and enjoy a weekend away. Vegetarians welcome!
