

Help Rebuild Our Cabin Foundations

DONATE NOW

The Moon Beach Cabins Restoration Campaign aims to preserve and restore the historic cabins at Moon Beach Camp, ensuring their longevity for generations to come. These cabins serve as the backbone of hospitality and sanctuary for guests.

Preserve Our Heritage: These cabins, steeped in history and rustic charm, stand as symbols of our shared experiences and cherished moments at Moon Beach. However, time and the elements have taken their toll, demanding our immediate attention.

Critical Need for Restoration: The foundations, constructed decades ago with cinder blocks, stumps, and pine posts, need restoration. Left unattended, the foundations will eventually fail. Department of Natural Resources regulations prevent rebuilding at our current shoreline location if any cabins are lost.

Your Impact Matters: Your support is pivotal in securing the future of Moon Beach Camp. By contributing to our restoration efforts, you're not only ensuring the structural integrity of our cabins but also preserving a legacy for generations to come.
